### New Evening and Weekend Appointments

We now have additional appointments available at a time to suit you – after 6.30pm on weekdays and also on Saturdays and Sundays through the day. Bank holidays are also covered by this new initiative. This has been organised by your own GP practice, in partnership with other practices in North Tyneside.

These appointments are all pre-bookable so, if you need an appointment in the evening or the weekend because you are busy during the week, then please continue to arrange it through your own GP practice. Many of these appointments will be available on the same day that you call your practice if you need to make an appointment to be seen quickly.

We have appointments until 8pm every weekday and on Saturdays and Sundays, to see a doctor (GP), nurse or Health Care Assistant. Some of these appointments are at hubs or central locations to suit you, but they are all provided by local doctors and nurses and they have full access to your patient notes. Please remember to ask your practice administration team.

If you are calling to arrange an appointment at the weekend, please call and we will be happy to help.
